

## ***Policy #4: Tournaments***

### **Tournament Format and Rules of Play:**

Tournaments held at Spreading Antlers Golf Club (SAGC), including both club-sponsored events and tournaments hosted by third-party organizations or charitable groups, may utilize any golf competition format recognized by the United States Golf Association (USGA). Examples include, but are not limited to: Stroke Play, Match Play, Stableford, Four-Ball, and Scramble Formats.

All tournaments conducted at SAGC shall be played in accordance with the current Rules of Golf as established by the USGA, except where modified by official Local Rules adopted by SAGC for course conditions or event administration.

Alternative or non-traditional tournament formats may be approved at the discretion of the SAGC Tournament Committee with final approval by the SAGC Board of Directors. Regardless of format, all play must remain consistent with the applicable Rules of Golf and any approved Local Rules in effect at the time of the event.

### **Tournament Flights:**

Tournaments hosted by Spreading Antlers Golf Club (SAGC) may be divided into flights based on factors including, but not limited to: Size of the tournament field, tournament format, and handicap distribution among participants. The decision to utilize flights, as well as the number and structure of those flights, shall be determined at the discretion of the Tournament Committee and may be subject to final approval by the SAGC Board of Directors

### **Handicaps and Flight Assignment:**

Players participating in handicapped SAGC tournaments may be flighted either prior to the start of the event or after a predetermined number of holes or rounds, based on each player's most current USGA Handicap Index at the time of the event. When necessary to ensure fair competition, the Handicap Committee, Tournament Committee, or SAGC Board of Directors may assign or adjust a participant's tournament handicap.

Players who do not maintain an established USGA Handicap Index may still participate in handicapped tournaments or leagues; however, they shall be assigned a handicap of zero (0) unless otherwise determined by the Handicap Committee.

In accordance with Rule 10.3e of the USGA Handicap System Manual, the Handicap Committee may reduce a player's handicap for any club tournament when the committee determines that the player's demonstrated performance exceeds their potential ability as reflected by their Handicap Index. Several approved methods may be used to make such adjustments, and the player will be notified of any adjustment made by the SAGC Board or Handicap Committee.

### **Tie-Breaking Procedures for Flighting:**

When ties occur for the purpose of determining flight placement, ties shall be resolved using the following method:

1. Scorecard playoff based on handicapped holes indicated on SAGC official scorecard, beginning with the #1 handicap hole.
2. If still tied, the comparison will continue sequentially through the remaining handicap holes (#2 through #18) until the tie is broken.
3. If the tie remains after all handicap holes have been evaluated, the final tie shall be determined by coin toss.
